

# CHAPTER EXCELLENCE

Beginning with the 2015-2016 school year, the number of Chapter Excellence Awards per state delegation will be reduced to one middle school and one high school annually. This does not mean two per state, whereby there could be two middle schools or two high schools to receive this award. Only one middle school and one high school per state delegation will receive this award each year. For example, if a state delegation does not have a middle school to receive the award, then it will just have the one high school awarded.

This form must be completed by a TSA student member. Photocopy these pages and attach typed answer pages. Be sure to include spaces on your answer pages for the appropriate signatures. Cover sheets and additional materials are not accepted. Send the completed application to your state advisor, who submits the names of state recipients to national TSA. Do not send completed applications to national TSA. Chapters may not receive this award two years in a row.
