

TECHNOLOGY STUDENT ASSOCIATION

Creating tomorrow's STEM leaders

WWW.TSAWEB.ORG

BY THE NUMBERS

TSA is found in over 2,000 middle and high schools across 49 states, and consists of more than 250,000 student members.

COMPETITIONS

TSA offers more than 60 competitive events, covering areas such as design and engineering, environmental systems, transportation, manufacturing, and leadership.

“Working alongside people who have such high standards motivates me to work harder to achieve my own dreams.”
– National TSA Member, NY

PROGRAMS

TSA offers multiple programs through partnerships and grant funding from groups such as the Verizon Foundation and the Army Educational Outreach Program.

GIVING BACK

TSA chapters raise money to support the American Cancer Society as part of TSA's national service project.

RECOGNITION

All TSA competitions are aligned with STEM standards and the 16 career clusters recognized by the US Department of Education. TSA is also recognized by NASSP, ITEEA, ACTE, PLTW, and more.
