

The Technology Student Association (TSA) is a national, non-profit organization of middle and high school students engaged in science, technology, engineering, and mathematics (STEM). TSA offers over 60 STEM competitions that are held at both state conferences and the TSA national conference.

---

**Type of volunteers needed:** Judges and other volunteers are needed for various competitions and activities at TSA state conferences

**Location:** Locations throughout the United States; information about TSA state conferences is available at <http://tsaweb.org/state-conferences>.

**Date:** TSA state conferences take place between mid-February and early May.

**Time needed:** Varies at each conference; approximately 6-8 hours

**Description:** TSA state conferences have a variety of volunteer opportunities that are determined separately at the state level. These may include such activities as event judging, event set up, or interest session presentation.

**Skills needed:** An interest in STEM education or careers (engineering degree not required).

---

Judges and other volunteers are also needed for various competitions and activities at the national TSA conference, June 21<sup>st</sup> – 25<sup>th</sup> at the Rosen Shingle Creek Resort in Orlando, Florida.
