

PRIVACY POLICY FOR CHILDREN UNDER THE AGE OF 13

Last modified: October, 2023

The Children's Online Privacy Protection Act of 1998 and its rules (collectively, "**COPPA**") require us to inform parents and legal guardians (as used in this policy, "**parents**") about our practices for collecting, using, and disclosing personal information from children under the age of 13 ("**children**"). It also requires us to obtain verifiable consent from a child's parent for certain collection, use, and disclosure of the child's personal information.

This policy notifies parents of:

- The types of information we may collect from children.
- How we use the information we collect.
- Our practices for disclosing that information.
- Our practices for notifying and obtaining parents' consent when we collect personal information from children, including how a parent may revoke consent.
- All operators that collect or maintain information from children through our Services.

This policy only applies to children under the age of 13 and supplements our general Privacy Policy, available at: <https://tsaweb.org/privacy-policy>. Only our general Privacy Policy applies to teens and adults.

Terms that are defined in the general Privacy Policy have the same meanings as used in this Privacy Policy for Children Under the Age of 13.

Information We Collect from Children

Children can access many parts of the Services and its content and use many of its features without providing us with personal information. However, some content and features are available only to registered users.

We only collect as much information about a child as is reasonably necessary for the child to participate in an activity, and we do not condition his or her participation on the disclosure of more personal information than is reasonably necessary.

Information We Collect Directly

A child must provide us with the following information to register with the Services: the child's first and last name, postal address, email address, telephone number and a parent's email address. We also require the child to create a member name and password. We may request additional information from your child, but this information is optional. We specify whether information is required or optional when we request it.

How We Use Your Child's Information

We use the personal information we collect from your child to:

- register him or her with the Services; and,
- communicate with him or her about activities or features of the Services that may be of interest.

Our Practices for Disclosing Children's Information

We do not share, sell, rent, or transfer children's personal information other than as described in this section.

We may disclose aggregated information about many of our users, and information that does not identify any individual. In addition, we may disclose children's personal information:

- To third parties we use to support the internal operations of our Services and who are bound by contractual or other obligations to use the information only for such purpose and to keep the information confidential.
- If we are required to do so by law or legal process, such as to comply with any court order or subpoena or to respond to any government or regulatory request.
- If we believe disclosure is necessary or appropriate to protect the rights, property, or safety of Technology Student Association, our customers or others, including to:
 - protect the safety of a child;
 - protect the safety and security of the Services; or,
 - enable us to take precautions against liability.
- To law enforcement agencies or for an investigation related to public safety.

If the Organization is involved in a merger, divestiture, restructuring, reorganization, dissolution, or other sale or transfer of some or all of Technology Student Association's assets, whether as a going concern or as part of bankruptcy, liquidation, or similar proceeding or event, we may transfer the personal information we have collected or maintain to the buyer or other successor.

Accessing and Correcting Your Child's Personal Information

At any time, you may review the child's personal information maintained by us, require us to correct or delete the personal information, and/or refuse to permit us from further collecting or using the child's information.

You can review, change, or delete your child's personal information by:

- Logging into your child's account and visiting the account profile page.
- Sending us an email at general@tsaweb.org. To protect your privacy and security, we may require you to take certain steps or provide additional information to verify your identity before we provide any information or make corrections.

Operators That Collect or Maintain Information from Children

The following are all operators that may collect or maintain personal information from children through the Services:

| Operator Name | Postal Address | Phone Number | Email Address |
|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|----------------------------------------|--------------|------------------------------------------------------------------------------------------------|
| E Group, Inc. ("Centricity") - https://tsastore.mybrightsites.com/ | 500 Lee Road Rochester, NY 14606 | 888.509.1160 | tsawebstore@egroupengage.com |
