

Call for 2021 National TSA Conference Presenters

The virtual 2021 National TSA Conference will include competitions, general sessions, national officer elections, and many other features from past conferences. One conference highlight – special interest sessions – will be showcased in a new format. Similar to TSA onsite conference special interest sessions, this year’s virtual format provides an opportunity for chapters (at least three members), advisors or alumni to share their expertise via a 5-10 minute pre-recorded video on a STEM or TSA-related topic.

Possible topics include:

- STEM in the Classroom
- Leadership
- Computer Science
- Cyber Security
- Membership Recruitment
- Community Service
- Team building
- Career Paths

The topics for recorded sessions are endless – they just need to be pre-approved by national TSA.

The creator of a video selected and shown during the conference will receive an electronic Amazon gift card, as follows: An advisor or alumna whose video is selected will receive a \$50 Amazon gift card (one per video); chapter entries (must be a collaboration of at least three chapter members) will receive a \$100 Amazon gift card for the chapter (one per chapter).

Those interested in submitting a recorded presentation should contact Kelly Gulich at kgulich@tsaweb.org no later than May 3rd for topic approval and details about presentation requirements.
