Applications are Open for Unite Summer STEM Programs Across the Country

UNITE

Reston, VA—High school students are invited to apply to the [Unite](#) program, which will be held in the summer of 2020 on 21 university campuses across the country and in Puerto Rico.

This annual four-to-six week program encourages rising 9th through rising 12th grade students—historically underserved in STEM—to pursue college majors and ultimately careers in science, technology, engineering, and math fields through hands-on academics and enrichment in a college setting.

Unite is administered by the [Technology Student Association \(TSA\)](#) on behalf of the [Army Educational Outreach Program \(AEOP\)](#). The 2020 Unite sites are:

- Alabama State University, Montgomery, AL
- University of Arkansas, Fayetteville, AR
- University of Colorado, Colorado Springs
- Florida State University, Tallahassee, FL
- Miami-Dade College, Homestead, FL
- Savannah State University, Savannah, GA
- University of Kansas, Lawrence, KS
- Morgan State University, Baltimore, MD
- Montana Tech, Butte, MT
- New Jersey Institute of Technology, Newark, NJ
- University of New Mexico, Albuquerque, NM
- Fayetteville State University, Fayetteville, NC
- North Carolina A & T State University, Greensboro, NC
- Ohio State University, Wooster, OH
- University of Pennsylvania, Philadelphia, PA
- University of Puerto Rico-Rio Pedras, San Juan, PR
- Texas Southern University, Houston, TX
- Virginia State University, Petersburg, VA
- Virginia Tech, Blacksburg, VA
- Marshall University, Huntington, WV
- West Virginia State University, Institute, WV

University of Pennsylvania site director, Dan Uueda, says Unite “embodies the same philosophy that makes many higher education laboratories such a unique and powerful place for innovation and groundbreaking research.” He adds that students work through problems and “learn how to troubleshoot, analyze data, develop creative solutions, and present conclusions to an audience of their peers.”

Interested applicants should contact the Unite site director of their choice listed [on this link](#). Students selected to participate will be notified from March through June 2020.
